Elaine: I checked in with the Lower Columbia Estuary Partnership, and they haven't heard anything for agencies or restoration groups during our Science Workgroup meetings or any other forums.

Hi Yvonne- I've not heard of anything other than Audubon and maybe Humane Society...from the newspapers. The topic hasn't come up at the SWG meetings though.

Catherine: Do you know if any of the partner agencies that may have concerns w/the Corps proposal to eliminate cormorants from the lower Columbia River? My office is reviewing the DEIS and they are inquiring if any of the state/federal agencies have expressed concerns. I haven't heard any conversations from the Science Workgroup members but thought you might have heard something in other forums.
